Prof Dr Catherine Pickeringi loengud ja seminarid loodusturismist, rekreatsiooniökoloogiast ja teadusartiklite koostamisest

Ürituse toimumisaeg: 11-13.09.2024

Prof Catherine Pickering on Austraalia Griffith'i ülikooli rahvusvaheliselt tunnustatud rekreatsiooniökoloogia ekspert, kellel on üle 350 publikatsiooni ja enam kui 160 uurimistööd. Ta on teinud koostööd teadlastega Euroopast, Aasiast, Põhja-Ameerikast, Lõuna-Ameerikast ja Austraaliast, et hinnata loodusturismi sotsiaalseid ja keskkonnanäaspekte ning uurida paremaid viise, kuidas korraldada looduskeskkonnas erinevaid reaktsioone. Ta on ka ekspert kirjanduse ülevaate metoodikas, sealhulgas süstemaatilises kvantitatiivses kirjanduse ülevaates, kus on avaldatud üle 1400 artikli, kasutades tema välja töötatud 15-astmelist meetodit.

Professor Pickering peab Eesti Maaülikoolis mitmeid loenguid ja seminare rekreatsiooniökoloogia ja loodusturismi valdkonnast. Lisaks on ta tuntud produktiivse publitseerijana ning hea juhendajana ja oma seminarides-töötubades jagab ta oma kogemusi just kirjanduse ülevaadete koostamisest. Kuulama on oodatud kõik huvilised.

Ajakava EMÜs:

Kolmapäev, 11.09

Kl. 10-12 Avalik loeng „Using social media to examine how people relate to nature“, Tartu, Kreutzwaldi 5, ruumis 2C1

Kl. 14-16 Seminar doktorantidele „How to use bibliometric data to quickly review research?“ Kreutzwaldi 5, ruumis D218 (C. Pickering esitleb uusimat tööd – esitleb, kuidas bibliomeetriat saab kasutada kirjanduse kiireks otsimiseks ja seejärel VosVieweri abil teose visualiseerimiseks)

Neljapäev, 12.09

Kl. 10-12 Avalik loeng „How does nature benefit us?“ Tartu, Kreutzwaldi 5, ruumis 2C5

Reede, 13.09

Kl. 9-11 Seminar doktorantidele „How to structure literature reviews using three circles“, Tartu, Kreutzwaldi 5, ruumis D239

Kl. 12.15 -14.00 Avalik loeng „Recreational trails impacts and issues“, Tartu, Kreutzwaldi 5, ruumis D239

Kl. 14.30 – 16.30 Seminar doktorantidele, Tartu, Kreutzwaldi 5, ruumis D218

Reeda Tuula Fjodorov (PhD student)

Kadri Erit (PhD student)

Marika Kose senior lecturer Summary of 8 years of bog(shoe) trampling experiment. Mosses, herbs & shrubs.

Seminaridele eelregistreerumist ei ole.

Ürituse korraldaja:

Marika Kose, PhD, loodusturismi vanemlektor, Elurikkuse ja loodusturismi õppetool, Eesti Maaülikool. Tel/phone: 56561373, e-mail: marika.kose@emu.ee

Loengud toimuvad projektist "Ülikoolide koostöö doktoriõppe edendamisel" doktorikooli Loodusteadused ja põllumajandusteadused harus, mida kaasrahastab Euroopa Liit.

ENG

Lectures and seminars by Prof. Dr. Catherine Pickering on nature tourism, recreation ecology, and writing scientific articles

Event dates: September 11-13, 2024

Prof Catherine Pickering from the School of Environment and Science, Griffith University in Australia is an internationally recognised expert in recreation ecology with over 350 publications and more than 160 research papers. She has collaborated with researchers from Europe, Asia, North America, South America, and Australia to assess social and environmental aspects of nature based tourism and examine better ways to manage diverse recreation activities in natural settings. She is also an expert in literature review methodology including Systematic Quantitative Literature Reviews with over 1400 papers published using the 15 step method she developed.

Professor Pickering holds several lectures and seminars in the field of recreation ecology and nature tourism at the Estonian University of Life Sciences. In addition, he is known as a productive publisher and a good instructor, and in his seminars-workshops, he shares his experiences of preparing literature reviews.

All interested parties are invited to listen!

Program:

Wednesday 11.09

10-12 Public lecture „Using social media to examine how people relate to nature“, Tartu, Kreutzwaldi 5, room 2C1

14-16 Seminar for PhD students and all interested „How to use bibliometric data to quickly review research?“ Kreutzwaldi 5, room D218 (C. Pickering is presenting the latest work - it could be showing how bibliometrics can be used to do quick searches of literature and then use VosViewer to visualise the work.

Thursday 12.09

10-12 Public lecture „How does nature benefit us?“ Tartu, Kreutzwaldi 5, room 2C5

Friday 13.09

9-11.00 Seminar for PhD Students and for all interested „How to structure literature reviews using three circles“, Tartu, Kreutzwaldi 5, room D239

12.15 -14.00 Public lecture „Recreational trails impacts and issues“, Tartu, Kreutzwaldi 5, room D239

14.30 – 16.30 Seminar for PhD students and all interested, Tartu, Kreutzwaldi 5, room D218

Reeda Tuula Fjodorov (PhD student)

Kadri Erit (PhD student)

Marika Kose senior lecturer Summary of 8 years of bog(shoe) trampling experiment. Mosses, herbs & shrubs.

There is no pre-registration for the seminars.
